FAQ

WHAT IS AN ESCAPE ROOM?

Escape rooms have been growing in popularity over the last few years, in the UK and abroad. The general concept is that a team enters a room and must solve a series of themed puzzles before time runs out.

WHY ARE WE TAKING OUR ESCAPE ROOM INTO SCHOOLS?

Padlox Escape Rooms has permanent rooms in Leith, Edinburgh. We host groups of friends, families and colleagues – and often birthday parties of 10-14 year olds. We have observed that this age group show skills which some adults don't possess! For example high energy, curiosity, and thinking outside the box – these skills are great in escape rooms. We have now used our escape room expertise to design a set of curriculum-focussed activities for children to develop problem solving, numeracy and teamwork skills – "Escape The Classroom!"

HOW MUCH DOES IT COST?

We provide our mobile escape room, suite of classroom activities, and expert hosts, at £300 for a half day, and £500 for a full day. This includes delivery, consumables and a resource for teachers to use after the day, to consolidate learning and get the most value out of the experience.

Please contact us for a quote for multi-day bookings.

WHAT SKILLS WILL THE PUPILS LEARN?

The Curriculum for Excellence aims to give pupils the opportunity to engage in active learning in practical contexts. Our service provides these opportunities, in the following ways:

- **SUCCESSFUL LEARNERS:** Pupils complete escape room tasks with clear goals, allowing them to see and celebrate their success. They need to remember information they come across, evaluate its worth, and analyse it in order to decode its meaning.
- **CONFIDENT INDIVIDUALS:** Escape room tasks develop confidence by promoting curiosity to explore environments and to try new ways of working. Pupils creatively apply classroom skills such as numeracy and critical thinking in the fun, vibrant context of escape rooms.
- **EFFECTIVE CONTRIBUTORS:** Our tasks encourage pupils to communicate, to share ideas and to work collaboratively towards a solution – in escape rooms many heads are better than one!

ARE THE TIMINGS FLEXIBLE?

Yes – we work with you to fit the timings of group activities around your school schedule.

IS IT A COMPETITION?

Only as much as you want it to be! For the classroom activities, our focus is on inclusivity and learning in a fun way. For the immersive mobile escape room, we run a leaderboard showing escape times – it's interesting to see how these times improve during the day for the class as a whole.

WHAT WE NEED

A space to park the van, within 30 metres of a mains power socket, and such that pupils can be safely escorted to the van from their classroom.

Teacher engagement – we contact teachers in advance to brief them about the activities. We provide two staff – one runs the escape room in the van, and the other leads the classroom activities. We ask the teacher to be actively engaged and supporting pupils as they complete the classroom activities.
